Nadia, I want to be sure you know how much it means to work with such a Professional Realtor! Working in the Real Estate Industry for over 20 years myself, it is such a treat to work with a Realtor of your caliber; you are hard working, knowledgeable, experienced and reliable. I have referred many clients who are looking to buy or sell in the San Diego area and each one of them have told me how much they have enjoyed working with you Nadia. You are very prompt in calling the client initially and stay in contact with them continuously before and after they buy a home or sell a home.

Nadia you are so good at Maintaining Past client relationships, as a result of that, those clients refer other buyers and sellers to you because they can count on you to take excellent care of their friends and relatives – this is a true testimonial of your Professionalism. One of my clients, referred to you in the San Diego area said she felt like we were cloned, you have the same work ethics; you work long and hard with the client's best interest "first and foremost" in your efforts.

Without hesitation I will continue to work closely with you Nadia in further transactions, you make us look good!
